PROJECTS

Inook Ai | inook.in

Jan 2026 - Present

- Founded a business growth agency delivering complete digital systems for Indian local businesses through one fixed-price package covering 9 deliverables: website, branding, Google Business Profile, booking systems, and brand films.
- Generated ₹2,00,000+ in revenue by acquiring and servicing clients across hospitality, healthcare, and stone-export sectors, building a live portfolio of 8+ delivered business websites.
- Executed end-to-end Google Business Profile audits and optimization packs, improving local search visibility and review acquisition for client businesses.
- Managed complete client lifecycle independently — sales, scoping, delivery, and 30-day post-handover care with 1-year maintenance commitments.

TechStack: HTML, CSS, JavaScript, Figma, Google Business Profile, SEO

Paperscart | paperscart.com

Apr 2026 - Present

- Building a premium paid social platform (PWA) where every interaction carries real monetary value — a paid manifestation wall, anonymous encrypted confessions, and self-commitment contracts on a single wallet.
- Engineered a complete wallet economy in integer paise with Razorpay integration (HMAC-verified webhooks, idempotent credits) across a 31-table Postgres schema.
- Designed a peer-to-peer creator-earnings model where community wishes and manifests flow directly to post authors, enabling posts to earn many multiples of their posting cost.
- Shipped production SSR/SEO with dynamic OG images, web push notifications, and AES-256-GCM encrypted confessions; currently in user-acquisition phase ahead of the Jan 2027 real-money launch.

TechStack: React 18, Vite, Express.js, Neon Postgres, Cloudflare R2, Razorpay, Vercel, Azure, google cloud console.

Cooper File

Jun 2026 - Present

- Founded a solutions agency helping local businesses grow their online reputation and search presence with plug-and-play systems requiring zero technical effort from the client.
- Built a one-tap review collection system where customers submit Google reviews via QR without any typing, dramatically increasing review conversion rates.
- Currently serving 20 active businesses with review systems, local SEO, and reputation management deliverables.
- Standardized delivery through reusable templates and printed QR collateral, enabling same-day client onboarding.

TechStack: QR systems, Google Business Profile, Local SEO, Print collateral design
